hereby declare on our own responsibility that the:

<b>Product :</b>	<b>Recognoil®</b>
<b>Type :</b>	<b>2W</b>
<b>Serial number:</b>	<b>20200xx</b>

Recognoil® 2W is a handheld fluorescence excitation and detection sensor used for detection and analysis of oil and grease residues on a surface. It is designed for use only indoors. It uses only a safe voltage of up to 12V DC. It creates a wireless access point and is controlled by a laptop or tablet PC.

Product conforms with following standards and prescriptions:

Harmonised European Standards
<b>EN 55011: 2007-11</b> Spurious emission (Grupe 1, Class B, Emitted interference)
<b>EN 60825-1 :2007</b> Safety of laser products, Part 1: Classification of equipment, requirements and user guide (Grupe1Class 3B/ LED product - IEC 60825-1: 2008-05 „Laser standard safety“)
<b>EN 61000-6-2: 2006-03</b> Resistance to disturbance (Immunity to interference)
<b>EN 61326-1: 2006-10</b> General requirements
<b>IEC 62471: 2007</b>
EC Directives
<b>Directive 2014/35/EU</b> (Low Voltage Directive)
<b>Directive 2014/30/EU</b> (Electromagnetic Compatibility Directive)
<b>Directive 2011/65/EU</b> (RoHS 2)
<b>Directive 2002/95/EC</b> on restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS)
<b>Directive 2012/19/EU</b> on waste electrical and electronic equipment (WEEE)

Last two digits of the year in which the CE mark was placed on the product: 20

I declare hereby that the product meets basic requirements of the above mentioned technical standards and regulations. It is safe under conditions that are normal, reasonably foreseeable and included in the user manual. Assessment of conformity has followed the procedure pursuant to 2006/95/EC. In the event that this device be altered or modified in a way not agreed by us this declaration shall lose its validity.
